

USING YOUR SMARTPHONE ADAPTER

Model #81035

1. Open the eyepiece clamp and place it around the body of the eyepiece. Tighten the clamp unit it is secure.
2. Use the phone clamp knob to open the phone holder until your phone fits inside. Tighten it to secure your phone in place.
3. Turn on the phone and open your camera app. Make sure the flash is turned off.
4. Loosen the knob on the bottom of the adapter that secures the phone clamp to the eyepiece clamp. Slide the phone clamp up and down and rotate it left and right until your camera is looking down through the eyepiece of the telescope. Tighten the knob on the bottom of the adapter to secure it in place.
5. Use the telescopes focuser to adjust focus of your camera. Snap the image using your app.
